## **QS World University Rankings by Subject 2024: Université Paris-Saclay in the global top 50 for seven subjects**

**The results of the QS World University Rankings by Subject 2024 were released on 10 April 2024. Université Paris-Saclay has continued to excel in the ranking this year, securing spots on the global top 20 for two subjects: 13<sup>th</sup> in Mathematics (16<sup>th</sup> in 2023) and 14<sup>th</sup> in Physics & Astronomy (17<sup>th</sup> in 2023).**

Every year, Quacquarelli Symonds (QS) publishes its World University Rankings by Subject. The ranking analyses institutions across 55 subjects in five broad faculty areas: Natural Sciences, Engineering & Technology, Life Sciences & Medicine, Social Sciences & Management, and Arts & Humanities. This year, Université Paris-Saclay has continued to excel, with 27 subjects ranked, in comparison with 14 subjects in 2023. In the five broad faculty areas, Université Paris-Saclay has kept its spot in the global top 20 for Natural Sciences, ranked 18<sup>th</sup> (19<sup>th</sup> in 2023), which includes the subject Agriculture & Forestry. The university has also demonstrated strong progress in Life Sciences & Medicine, ranked 58<sup>th</sup> (102<sup>nd</sup> in 2023).

Université Paris-Saclay has maintained its spot in the global top 20 for two subjects, and is among the world's top 50 universities for seven subjects (six in 2023):

- 13<sup>th</sup> in the world (2<sup>nd</sup> in France) for Mathematics (16<sup>th</sup> in 2023)
- 14<sup>th</sup> in the world (1<sup>st</sup> in France) for Physics & Astronomy (17<sup>th</sup> in 2023)

## ABOUT UNIVERSITÉ PARIS-SACLAY

Université Paris-Saclay was born from the shared ambition of French universities, *grandes écoles* and national research organisations. As a leading university in Europe and the world, it covers the fields of science and engineering, life sciences and health, and humanities and social sciences. The university's science policy closely intertwines research and innovation, incorporating both basic and applied science to tackle major societal challenges. Université Paris-Saclay offers a varied range of undergraduate to doctorate level degrees, including programmes with its *grandes écoles*, all of which are focused on achieving student success and employability. The university prepares students for an ever-changing world where the ability to think critically, remain agile and renew one's skills are crucial. Université Paris-Saclay also offers a comprehensive range of lifelong learning courses. Located to the south of Paris, the university extends across a vast and rich local area. Its location strengthens both its international visibility and its close ties with its socio-economic partners (major companies, SMEs, start-ups, local authorities, charities).
